## PHILOSOPHY

SAINT CECILIA SCHOOL will strive to foster the wholeness of the individual child. Our goal is to have a safe and loving atmosphere where a child can explore and discover through interaction with his/her environment. Opportunities will be provided to use and share existing skills and learn new skills, which will help the child establish a positive self-esteem.

## CURRICULUM

Our curriculum will emphasize exploration, experimentation and discovery through play and creative experiences. As an active learner the child will develop competencies in areas of spiritual, social, emotional, cognitive and motor development.
